I give you a new commandment: love one another.

As I have loved you, so you also should love one another. - Jn 3:34

What are we celebrating?

We are celebrating Catholic Schools in our country; and the impact they have leading, loving, and serving like Jesus.

Parishes: Catholic schools benefit all year long from the religious guidance, prayers, and support parishes provide.

Community: A central aspect of Catholic education is learning the importance of service to others.

Students: Schools celebrate students by planning enjoyable and meaningful activities for them and recognizing their accomplishments.

Nation: Schools celebrate and communicate the value of Catholic education to government leaders.

Vocations: By focusing on faith, knowledge, and service, Catholic schools prepare children to use their God-given talents to the fullest later in life.

Faculty & Staff: Schools honor teachers, principals, administrators, and staff who support them in their work and thank those who provide volunteer service.

Families: Parents, guardians, and other family members play a vital role in Catholic education.
